Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To the Board of Commissioners
County of Monroe
Stroudsburg, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Monroe, Pennsylvania (the County) as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the County of Monroe's basic financial statements, and have issued our report thereon dated December 28, 2020. Our report includes a reference to other auditors. Other auditors audited the financial statements of the Monroe County Conservation District, a blended component unit, as well as the Redevelopment Authority of Monroe County and the Pocono Mountains Municipal Airport Authority, aggregate discretely presented component units, as described in our report on the County of Monroe's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. In addition, other auditors audited the financial statements of the aggregate discretely presented component units of the Monroe County Industrial Development Authority; the Pocono Mountains Industrial Park Authority; Pocono Mountains Industries, Inc.; and the Monroe County Municipal Waste Management Authority, as described in our report on the County of Monroe's financial statements. The financial statements of these component units were not audited in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Internal Control over Financial Reporting (continued)

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal and Pennsylvania DHS Program; Report on Internal Control over Compliance; and Report on the Schedule of Expenditures of Federal Awards and Pennsylvania DHS Expenditures Required by the Uniform Guidance and the Pennsylvania DHS *Single Audit Supplement*

Independent Auditor's Report

To the Board of Commissioners
County of Monroe
Stroudsburg, Pennsylvania

Report on Compliance for Each Major Federal and Pennsylvania DHS Program

We have audited the County of Monroe, Pennsylvania's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement*, and the Pennsylvania Department of Human Services (DHS) *Single Audit Supplement*, that could have a direct and material effect on each of the County's major federal and Pennsylvania DHS programs for the year ended December 31, 2019. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and Pennsylvania DHS programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal and Pennsylvania DHS programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Pennsylvania DHS *Single Audit Supplement*. Those standards, the Uniform Guidance, and the Pennsylvania DHS *Single Audit Supplement* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or Pennsylvania DHS program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

Auditor's Responsibility (continued)

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and Pennsylvania DHS program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal and Pennsylvania DHS Program

In our opinion, the County of Monroe complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and Pennsylvania DHS programs for the year ended December 31, 2019.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and Pennsylvania DHS program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and Pennsylvania DHS program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the Pennsylvania DHS *Single Audit Supplement*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or Pennsylvania DHS program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or Pennsylvania DHS program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or Pennsylvania DHS program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the Pennsylvania DHS *Single Audit Supplement*. Accordingly, this report is not suitable for any other purpose.

Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance and Schedule of Pennsylvania DHS Expenditures Required by the Pennsylvania DHS *Single Audit Supplement*

We have audited the financial statements of the County as of and for the year ended December 31, 2019, and have issued our report thereon, dated December 28, 2020, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards and the schedule of Pennsylvania DHS expenditures are presented for purposes of additional analysis, as required by the Uniform Guidance and the Pennsylvania DHS *Single Audit Supplement*, and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Emphasis of Matter

This single audit report has been issued to replace the report originally issued on December 28, 2020 for the purpose of adding the Emergency Food Assistance Program - Food Purchase Distribution (CFDA 10.178) and the Workforce Innovation and Opportunity Program Cluster (CFDA 17.258/17.259/17.278) as major programs. Our opinion has not been modified with respect to this matter.
